

VICTORY IN NEW YORK

REPRESENTATION IS POWER

Thursday, September 15, 2022

5:00 PM – 7:00 PM

Ascent Lounge

10 Columbus Cir, New York, NY 10019

Join LGBTQ Victory Fund for our first gathering in New York City since 2019! The evening will include an update from Victory Fund President & CEO Mayor Annise Parker about the state of LGBTQ politics, the disparities in equitable representation in public office, and where we go following the recent Supreme Court ruling. The program will also feature other inspirational elected leaders from New York. Victory Fund is the only national organization working to elect LGBTQ leaders to public office at all levels of government to change the face of politics.
